Open Source Architecture Appendix

Chen Xingqiang · github.com/chenxingqiang · one project overview and architecture per page

Primary flow
Fallback / feedback
Dashed = architecture zone
Box = module + responsibility

CONTENTS · one architecture per page

TraceSmith
GPU profiling & replay

YiRage
RuntimeFusion compiler

JAX-sklearn
transparent JAX acceleration

Secret-Learn
privacy-preserving ML

YouTube-DNN
two-tower recall

Research CLI
agent workflow

Questions-Gen
three-stage training

READING GUIDE

Read top to bottom. Dashed containers are architecture zones; boxes are modules and responsibilities.

Solid blue arrows show the primary path; dashed purple arrows show fallback or feedback paths.
